Governeto

Every AI agent.

Observed, controlled, governed.

Blocks what must not go.
Holds what a person must approve.
Keeps the evidence.

BYOK · Your own key · Your own rules · Your own evals

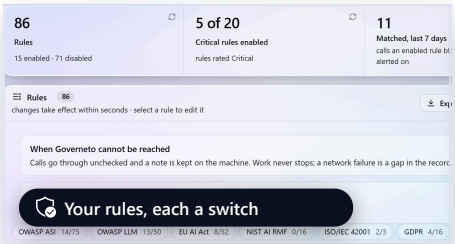

illustrative: one call, one verdict

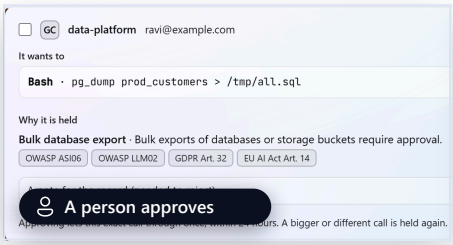

86	34	10	4	1
built-in rules	AI evaluators	frameworks	verdicts	line to connect

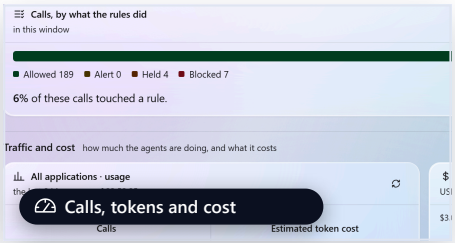

The life of one message

1. It arrives
2. Patterns read it
3. Your AI judges it
4. A verdict
5. The evidence

Allowed · Alert · Held for a person · Blocked

Blocks before the model

Rules in plain words

Your own AI key

Evidence as PDF, CSV, JSON

Every device by name

People, roles, licences

Works with your standard & custom agents and your AI engine

Claude Code · Codex · Gemini CLI · VS Code · DeepSeek · Anthropic · Mistral · OpenRouter

Built-in rules mapped to 10 frameworks

OWASP ASI · OWASP LLM · EU AI Act · NIST AI RMF · ISO/IEC 42001 · GDPR · PCI DSS · SOC 2 · HIPAA · GLBA

30-day free trial.

Every feature, nothing held back.

2 agent connections · no card · your own key

1. Create an account
2. Run one line in a terminal
3. Watch the first call arrive
